

## Cycling Adventure: Khao Yai Wine Trails

Ex Bangkok 2 days/1 night – Group Tour

Explore the Khao Yai vineyards on this overnight tour. Cycle the trails in this valley and discover a wonderful little escape from Bangkok that combines fun bicycle paths with some wine tastings along the way.

### Itinerary:

#### Day 1: Bangkok – Khao Yai (L, D) (Ride 20km)

Starting in Bangkok, drive northeast and enter Khao Yai Park from the south gate. Travel through the park stopping at various viewpoints, take a short trek through the jungle to the Heo Naraok waterfall. Once at the resort, check in and enjoy lunch before heading out in the afternoon to ride through patchwork countryside to your first vineyard, Gran Monte, and your first wine tasting. Continue riding along quiet back roads to the Khao Yai winery where you'll ride through the vineyards before stopping for your second wine tasting as well as a tour of the wine making facilities. After the

visit, it's a short ride back to SapTai C&C Resort where you will spend the night.

#### Day 2: Khao Yai – Bangkok (B, L) (Ride 18km)

After breakfast, cycle through the valleys, which offer some excellent views of the countryside to the Hornbill Restaurant, which is part of the Khao Yai Winery estate, where you will have lunch. Continue your ride through quiet roads (or transfer) back to the resort where everyone can freshen up or take a swim before returning to Bangkok via Saraburi (two hour drive).

### Trip Profile

We ride a total of 38 km over two days on paved roads that are in good condition and on dirt tracks. There are some ups and downs, but generally the riding is relatively undemanding and requires no technical ability. This tour is suitable for all level of riders. The trip is fully supported and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of cold drinks and fresh fruit while riding. This trip is a mixture of hard-packed jeep trails and tarmac. An air-conditioned bus travels behind the group to support us, and participants can cycle as much or as little as they like and still enjoy the same views as the rest of the group.
